DETAILED ACTION

1. This communication is in response to application's amendment received on 11/29/2005. The canceled claims 1, 22, 31 and the amended claims 2-21, 27 and 32 have been entered.

Response to Arguments

2. Applicant's arguments filed on 11/29/2005 have been fully considered but they are not persuasive. Only the preambles of the argued claims 2 and 13 were amended, the content of the claims subject matter recite nothing but the physical characteristics of a signal, which are nonstatutory natural phenomena.

Claim Rejections - 35 USC § 101

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

4. **Claims 2-21** are rejected under 35 U.S.C. 101 because claims 2 and 13 recite nothing but the physical characteristics of a signal, which are nonstatutory natural phenomena.

Allowable Subject Matter

5. Claims 23-30 and 32-39 are allowed.

Regarding claims 23, 27 and 32, the prior arts of record fail to teach or disclose a transmitted magnetic field signal as claimed in claim 23, which further comprises an information sideband including sideband energy, a substantial portion of the sideband

energy being contained between the carrier component frequency and a frequency spaced 50Hz from the carrier component frequency.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
